

I think he is really starting to enjoy the program. I haven't felt this happy or relieved about him and his daily life all year.

Thankyou so much. K.J.

## Uni Life day program

supporting neurodiversity at university

# A unique day program

Uni Life is for young adults (17-25 years old) to experience life at university.

It is suitable for young adults who are looking for some structure and purpose to their days. It is also a transition program from High School for seniors who need a part-time move out of the environment they have been in for years.

## FURTHER LEARNING

The day program involves continued learning, music and communication therapy, passion projects, current affairs and entertainment news, and an exercise program.

The curriculum is accessible, visual, and engaging. Participants learn some business skills and work towards a micro business, volunteer work, or employment.

## INCLUSIVE AND SOCIAL

Weekly fun, interactive presentations and quizzes are held in a lecture theatre to experience the large screen and tiered seating.

Lunch can be ordered at the café, or eaten in the dining room while mingling with the students.

Griffith students are involved in supporting the Uni Life program and learning from it.

## HOW DOES IT WORK?

Attend 2 days a week (Monday and Tuesday or Thursday and Friday) from 9am to 3pm in a group of 6 young adults. Trained workers provide support. Each group has a facilitator. Stay in the program for up to three years and then transition out to work.

Non-speaking students are supported to communicate via augmented and alternative means.

## COST

\$64.45 per hour for 1:1 support, \$37.10 for 1:2 support (12 hours per week).

Claimable from self or plan managed NDIS funding.

Group therapy costs are approximately:

- \$35 p/f Music,
- \$80 p/w Speech
- \$30 p/w Body Smart exercise
- \$11 f/n Tae Kwon Do (Mon/Tues group)
- \$55 p/f Art

All claimable from NDIS funding.
